DEDICATION

We, the Senior Class, of 1959 dedicate this, the XI Volume of "Echoes" to Mrs. Donnive Gardner, as a memorandum of our deepest gratitude, for the love and devotion she has shown far beyond the call of duty, for the encouragement she has given to each of us individually, and for her sincerity as a teacher during her stay at Stanfield High.

PRINCIPAL'S MESSAGE

It has been the desire of the staff of the 1959 Echoes to mirror school life at Stanfield High School during the school year 1958-59. I trust that you can see reflected in this mirror a student life that is characterized by hard work, interposed with some play and fun. I trust that at sometime during the school year you have been inspired to seek knowledge and truth to make a better person of yourself and a better school of Stanfield High.

When this book comes from the bindery, the senior class will be looking forward to the receiving of their diplomas. This important event cannot be pictured in this annual; therefore, let us think of this event as the beginning of a new life. It is my hope that every member of the class of 1959 will be morally, spiritually, and mentally prepared for this new life through the joint efforts of our homes and our school.

May this book reflect many pleasant thoughts and memories of Stanfield High throughout the many years to come.
